Hi Ryan,

When do you think you would be ready for us to send over the Stage 2 corners? We have 68 so far.

Thanks,

Jessica

Hi Jessica,

I'll check in on the person who has been working on the labeling to see how it's going. Though I should say that there is still work ahead to test and validate it. The tests from the group from cedars were only with the three videos, so I expect some inter-site to issues will come up as we try more data

Hi Ryan,

I don't mean to pester! I know you have a lot to do but I wanted to check in on how the AI training is going. We currently have 203 corner videos uploaded and being scored by the network. Just let me know when I can send you a list.

Thanks,  
Jessica

Thanks for touching base about this, we're still making the training annotations and testing, will let you know once we can add our artificial scorer to the mix.

Cheers,

Ryan
