Hi Ryan,

I hope you are doing well. I wanted to just give you a heads up that I will be asking if you have any MRI data from the pipeline for Stage 2 MRI images so that stats can run the control charts. Our hope is to show these control charts before the 7/28 Steering Meeting. Please let me know if you need anything from me. Thank you for your help with this!

Thanks,
Karisma

Hi Karisma,

Sure thing, I'll work on that. We can definitely have the mouse results soon, and I'll try to get the rat pipeline up and running in time for that meeting.

Cheers,
Ryan
